Profile

Creative services specializing in graphic design, web design and integration with development.

Experience

Cartoonist, Nightlight Press — 2000-Present

All illustration and writing for general-audience comic strips at www.starslip.com and www.chainsawsuit.com. Daily readership of 20,000. Ten strips produced per week in Adobe Flash, Photoshop CS4. Site design concepts, layout and related merchandise design (T-shirts, stickers, buttons). Print layout and production in Adobe InDesign CS, CS2, CS3.

Creative Web Developer, Mary Kay Cosmetics — 2007-2009

Layout, production and maintenance of web pages and related materials at www.marykay.com. Design conceptualization, logo production, model photo retouching, product color correction. Conversion from print art to web. Logo reconstruction. Adobe Flash CS3 ActionScript development and maintenance. Javascript functionality for specific site portals.

Animation Co-Producer, Toonhound Studios — 2006-2008

Dallas-based comics group. Storyboard art, character turnarounds, keyframing and background concepts and art for *PVP: The Series* web animations in Adobe Flash.

Software Engineer, Dassault Systèmes of America — 2001-2004

3D CAD/CAM and product lifecycle management company. Employed in Shipbuilding R&D division. C++ development, 3D modeling of ship hull layouts. Emphasis on spatial conceptualization in hard deadline environment. Developed interversion XML part catalog migration software.
